

CSI: Sesame Street

Sketch 101

Antonio Deleo

[We are in a familiar Street, known as Sesame Street. On a corner we see a group of police, and photographers, surrounding the body of Snuffalufugus. He has been stabbed, and is dead. Police are collecting evidence. A familiar face appears at the scene, flashes his badge, and walks in to observe, where he comes across another familiar face already taking notes.]

Ernie:

Hello Bert!

Bert:

Hi Ernie!

Ernie:

Watcha doin' there, Bert?

Bert:

I'm taking notes on anything useful that I see, so I can remember them for later.

Ernie:

Good idea Bert! We should always write down what we want to remember so we don't forget it later!

Bert:

Yes!

[Ernie looks around]

Ernie:

So what have we got here, Bert?

Bert:

Male, 450 pounds, Hispanic, extremely furry. Went by the name of Snuffalufugus.
Snuffalufugus Rordiguez.

Ernie:

Good job Bert. Snuffalufugus does start with the letter "S". Can you name other things that start with the letter "S" ?

Bert:

Ernie, this is serious here! Look, we found this crumb of cookie near the body. I'm thinking that this was a cookie ring gone wrong.

Ernie:

Any witnesses?

Bert:

Well, just this one kid.

Elmo:

Elmo saw a big weird monster tickle and tickle Mr. Snuffalufugus until Mr. Snuffalufugus fell and went to sleep real good. Hahahahaha!

Ernie:

Thank you Elmo!

Elmo:

You're welcome Mr. Ernie Sir. Elmo loves you very much!

[Elmo and Ernie hug. Elmo giggles]

Elmo:

Elmo has to go now. Bye-Bye!

Bert and Ernie:

Bye Elmo!!

Ernie:

He's adorable!

Bert:

Look Ernie, I found some hair on Snuffalufugus! Very strange indeed..

Ernie:

Bert, I believe we have enough evidence to go back to forensics. Lets go!

[cut to the lab of The Count, where they are examining the cookie crumb. Bert is looking on]

Bert:

Well, what do you think Count?

Count:

Well, according to my Microscope.. I see there was ONE, ONE struggle! Mwa-hahahaha!

Bert:

One Struggle??

Count:

Yes, which I can tell from my findings of these TWO, TWO different hairs!! Mwa-hahahahaha!

Bert:

WOW, Gee wiz!

Count:

And if I add this sperm sample found in the crime scene, we now have THREE, THREE pieces of evidence!! Mwahahahahaha!

[Bert excitedly looks into the microscope.]

Bert:

Wow, there are THREE colors floating here. But I forgot what they are! Can you guess what they are at home?

[evidence is shown again, we then hear hear the voices of three children]

Child 1:

Blue!

Child 2:

Green!

Child 3:

Jizz!

Bert:

Thanks kids! And you did a good job too Count!

[Ernie walks in]

Ernie:

Watch doin' Bert?

Bert:

Hi Ernie. The Count just showed me some Evidence!

Ernie:

Boy that sure is swell Bert! I'm going to be next door interrogating u.

Bert:

You're gonna interrogate me??

Ernie:

No not you Bert, I'm interrogating u.

Bert:

But...But Ernie. I didn't do anything wrong.

Ernie:

Not not You Bert, the *Letter "U"*!

Bert:

Oh! Sheesh!!
